

## Safety Data Sheet All Gone Odor Eliminator

### 1. Chemical Product and Company Identification

Product name:	All Gone Odor Eliminator
CAS No:	Not applicable to the mixture
Intended use:	Deodorizing Spray
Manufacturer:	All Gone Odor Eliminator
Address:	616 S Cynthia Ave, Tucson AZ 85710
Phone:	520-440-5300

2. **Hazards Identification:** None. "Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

3. **Composition/Information on Ingredients:** Organo-imino Complex. No toxic chemical(s) are subject to the reporting requirements of section 313 of SARA Title III and the 40 CFR 372 are present. Product not classified as hazardous according to EEC Regulations. pH is between 6.8 to 7.2 when liquid, avoid skin & eye contact. When dry, product does not constitute any risk or hazard. The precise composition of this mixture is proprietary information. A more complete disclosure will be provided to a Physician or Nurse as needed, in the event of a medical emergency. No constituents of this mixture have OSHA established permissible exposure limits (PEL) or ACGIH established threshold limit values (TLV).

### 4. First Aid Measures:

**Eyes:** Rinse with water, get medical attention if irritation persists.

**Skin:** Rinse with water, get medical attention if irritation persists.

**Inhalation:** Remove to fresh air. If symptoms persist, get medical attention.

**Ingestion:** Drink 1 or 2 glasses of water. DO NOT induce vomiting. Get medical attention if symptoms continue.

5. **Fire Fighting Measures:** Extinguishing Media: Product is not combustible. Use media appropriate to material on fire. Special Fire Fighting Procedures: Wear self-contained breathing apparatus and protective clothing.

6. **Accidental release measures (spillage):** Spill Cleanup Procedures: Always wear personal protective equipment (see Section 8). For small spills either absorb with absorbent material and transfer to a sealed container for approved disposal or flush away using large volumes of water. For large spills dam off spillage and pump/transfer to containers. Any residue should be treated as per small spillage. Observe all national/local regulations when disposing of any chemical product.

7. **Storage and Handling (normal use):** Store in sealed containers in a cool dry place. Apply adequate factory hygiene principles when handling this product. Wear appropriate personal protective equipment. Avoid eye and skin contact. Storage Precautions: Store in original sealed containers in a cool dry area.  
**Shelf Life:** Indefinite

8. **Exposure Controls / Personal Protection:** Comments: Working procedures should be designed to minimize worker exposure to the product. Wear appropriate personal protective equipment. Avoid contact with skin and eyes. Take measures to minimize inhalation when spraying.

**Protective Gloves:** Wear impervious gloves.

**Eye protection:** Wear Safety goggles/face visor

### 9. Physical and Chemical Properties:

Appearance	Straw Colored Liquid	Specific Gravity (water=1)	1.00
Odor	Floral bouquet (organic)	Boiling Point	110°C
Solubility in water	Miscible	Vapor Density (Air=1)	>1
Physical State	Liquid	VOC	0lb/G1
pH	6.8 – 7.2	Freezing Point	-15°C

Flammability	None	Flash Point	None
Vapor pressure	Not available	Evaporation rate	Not available
Relative Density	1.0-1.4	Melting point	Not available
Partition Coefficient	Not available	Decomposition temperature	Not available
Auto-ignition temperature	Not available	Viscosity	Not available

---

10. **Stability and Reactivity:** Stability: Stable under normal conditions may become cloudy at low temperatures. If product freezes thaw and then stir or mix liquid once the product has reached room temperature.  
Materials to avoid: None.

---

11. **Toxicology Information:** No known effects when exposed to skin or eyes, or if ingested or inhaled. No known effects of delayed, immediate or chronic effects from short- or long-term exposure. LD50 unknown. This chemical is not known or reported to be carcinogenic by any reference source including IARC, OSHA, NTP, or EPA.

---

12. **Ecological Information:** Mobility: Product totally miscible with water.

---

13. **Disposal Considerations:** Disposal Methods: Via an approved Waste Disposal Contractor to an approved Waste Disposal Site. Observe all national/local regulations.

---

14. **Transport Information (Regulations)**

Road, Air, Rail or Sea: Product is not classified as hazardous for transportation purposes according to EEC Regulations.

---

15. **Regulatory Information (Supply and Labeling):**

Supply Class	None
Hazard Pictogram	None
Risk Phases	None
Safety Phases	S2 – Keep out of the reach of children S24-25 – Avoid contact with eyes and skin

---

16. **Other Information:** The information in this safety data sheet does not constitute the user's own assessment of the workplace risks as required by other health and safety legislation. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is the best of the company's knowledge and belief accurate and reliable as of the date indicated. However, no warranty, guarantee or representation is made as to its accuracy, reliability of completeness. It is the responsibility of the user to satisfy themselves as to the suitability of such information for their own use.
